Owned and operated by the Museum of Outdoor Arts, a Colorado non-profit arts organization since 1981, Marjorie Park is a truly unique venue to host your special event. Connected to Fiddler's Green Amphitheatre to the south and completely renovated in 2020-21, it was built as a sculpture park and outdoor museum with several art installations throughout. Designed with an English garden aesthetic, this unique and intimate space will delight guests of all ages and help you create special memories that will last for years to come. The park can accommodate a variety of event needs and can be tailored to fit your special day. There are many unique spaces and configuration options within the park.

Let us help you make your special event a memorable one!
